California Bones (Daniel Blackland, #1) by Greg Van Eekhout California Bones is the story of Daniel Blackland, son of a powerful oestemancer and a thief. This is a gritty alternate history/UF world of a California seeped with bone magic which broke away from the US and further into a Northern and Southern kingdom.

California Bones (Daniel Blackland): Greg van Eekhout ... Magic exists in bones, bones of magical creatures many long dead. California is a country built on magic, but it is a country falling apart. Daniel is an osteomancer - a user of bone magic, and he is being hunted for that fact alone. I really liked the world and the characters here.
